

C720 MULTI-PLANE SWIVEL

TECHNOLOGY WITH A HUMAN TOUCH

Spin Master

Our Multi-Plane Swivel just got better, with a product life that's 3-times longer than other multi-plane swivels on the market. That means you get long-lasting performance and durability – just what you expect from Catlow.

Two 360-degree rotating swivel planes raise the level of flexibility, while the dual O-ring seals protect this heavy-duty swivel from extreme cold weather conditions. Our Multi-Plane Swivels are designed for all fuel types including ethanol and biodiesel blended fuels.

TECHNICAL DATA

Features & Benefits

- UL Listed for Gas, E25, E85, Diesel, and B20 fuels
- Lightweight and maintenance-free
- Unique bearings provide smooth, easy rotation for better hose control and less hose wear
- 360-degree swivel rotation in the middle joint and male end for full-range rotation
- Fluorosilicone seals perform to -40°F
- Both swivel joints have double O-rings for maximized sealing
- BSPP threads available upon request
- Mates with all standard and diesel hoses

TWISTER SWIVEL MODELS | Available in NPT and BSPP thread options

C720 3/4" | 3/4"M X 3/4"F | Ethanol Blends up to E25; Biodiesel blends up to B20

C720 3/4"-E85 | 3/4"M X 3/4"F | Ethanol Blends up to E85

C720 1" X 1" | 1"M X 1"F
